udacity.com/certificate/e/55a54162-4cab-11ef-b5b1-73d553cbc5a4

ORGANISATIONS

HDAMA(Health Development and Anti-Malaria Assosiation), IT Officer

10/2025 – Present | Addis Ababa, Ethiopia

I am currently working as an IT Officer at an NGO organization(HDAMA), where I am responsible for managing and maintaining organizational websites, ERP systems, and digital platforms within an NGO environment. Responsible for overseeing system administration, user management, data management, system monitoring, and supporting the effective use of technology to enhance organizational operations and service delivery.

Organizer

01/2021 – 07/2025 | Addis Ababa, Ethiopia

- Managed basic financial tasks such as budgeting, collecting contributions, and tracking expenses
- Ensured transparency in financial reporting and communicated updates to community leaders
- Worked closely with other volunteers to support community needs and promote participation

Internship

02/2025 – 06/2025 | Addis Ababa, Ethiopia

LANGUAGES

Amharic

- Native
- Mother tongue

English

Doulingo 110 score

COURSES

Odoo ERP Training and Professional Development, Odoo

07/2026 – 07/2026 | Addis Ababa

Completed a three-day practical training on **Odoo ERP**, covering the **Accounting, Inventory, and Manufacturing** modules. Gained practical knowledge of financial transactions, accounting processes, inventory and stock management, product and material management, and manufacturing workflows. **Currently undertaking additional online training in Odoo ERP** to further strengthen my technical knowledge and practical skills in ERP implementation, system administration, and user support.

INTERESTS

volunteering — Event planning and coordination | Cultural and religious activities | Listening to podcasts, **Design and requirement gathering**, **traveling and Exploring New places** — Specially Religious places

PROJECTS

E-Learning Platform(Final year project), AI Personalized E-Learning Platform
